

3 October 2018

Dear Parents and Carers

Information Evening – Safeguarding Your Child for All Parents

At St Dunstan's, we take safeguarding children very seriously. In school, students receive education on keeping themselves safe day to day and online.

We would like to extend this information to parents so that you too are aware of risks faced by students and of steps that you can take to safeguard your child. We would like to invite you to a presentation on 7 November starting at 6pm. The presentation will cover esafety; County Lines; signs to look out for; when to ask for help; where to go for help and how we can work together as a community to safeguard our children.

Please note, this is for parents and carers only – not students.

If you are able to attend, please complete the attached reply slip and return to the school office by 8 October 2018.

Yours sincerely

L Bevan
Assistant Headteacher Pastoral
